Dear Mr. Nantz,

VGTI Florida's Human Resources department recently completed the Summary Plan Description Wrap plan process online using ERISA Pro's **Wrap-Tight**SM system, and we would like to express our satisfaction with both the online system, and the service that ERISA Pros provided.

The **Wrap-Tight**SM system was easy to use, and if we had questions about the requirements or process, an ERISA Pros team member was always available and extremely responsive. Furthermore, ERISA Pros **Wrap-Tight**SM system allows us to maintain all our health plans in one document and the information can easily be updated each plan year if necessary.

As a result of using ERISA Pros online **Wrap-Tight**SM system, we feel confident that we are complying with the Department of Labor's ERISA requirements.

Sincerely,

Danielle Visconte, Administrative and Benefits Manager
VGTI Florida
